Protecting & Improving
the Health of Iowans

A doctor may write the prescription to cure what ails you, but it's up to your local pharmacist to fill that prescription to the exact specifications of the prescriber. Pharmacists play a critical role in protecting the health of Iowans. The Iowa Board of Pharmacy assures the public that only qualified, competent pharmacists practice in Iowa.

The Iowa Board of Pharmacy strives to issue licenses and registrations quickly and efficiently. In addition, the Board receives and investigates complaints from Iowans, and when necessary, disciplines pharmacists and other regulated licensees who have broken the law.

With more than 3,600 licensed pharmacists in Iowa, the Board of Pharmacy works to ensure each provides quality health services to Iowans.

Did you know? There are more than 3,600 licensed pharmacists in Iowa.

► Why is the Iowa Board of Pharmacy important to protecting and improving the health of Iowans?

- The Iowa Board of Pharmacy licenses pharmacists and other pharmacy professionals to ensure Iowans receive competent, qualified care.
- The Iowa Board of Pharmacy helps pharmacists who are battling addiction. Research shows that monitoring programs for impaired pharmacists are highly effective in reducing relapse.
- Licensure is an effective way to keep untrained and unethical individuals from practicing pharmacy in Iowa.

► Which Iowa Public Health Goals are we working to achieve?

Strengthen the health infrastructure

► What do we do?

- License pharmacies, pharmacists, and other health professionals.
- Investigate complaints about health professionals.
- Discipline health professionals who have broken the law.
- Provide licensure and discipline data to the public, employers, and credentialers.
- Monitor disciplined and impaired health professionals so they can return to practice as soon as it is safe to do so.
- Speak to professional groups, students, and the public.
- Ensure the safe distribution of effective prescription drugs in Iowa.

How do we measure our progress?

❶ Number of professionals participating in the Iowa Monitoring Program for Pharmacy Professionals (IMP3).

Data Source: Manual counts. Data is available annually.

How are we doing? The former Iowa Pharmacy Recover Network (IPRN) recently transitioned to the IMP3 (2016). The new IMP3 currently monitors 5 professionals and anticipates that number will triple by the end of the 2017 fiscal year.

❷ Percent of investigations resulting in formal discipline.

Data Source: Board database. Data is available annually.

How are we doing? The percentage of investigations resulting in formal discipline dropped to 10% in 2014. This is due to the inspection of more than 550 Iowa-licensed pharmacies located outside Iowa, all of which were classified and reviewed as investigations.
